

Online Interactive Webinar

Don't miss this excellent Training Opportunity

Saturday, 24 June 2023 (10:00 am – 12:00 pm)

Understanding INCOSE SEP Certification

Dr. Steven Biemer, 2023 President of the INCOSE-CC

Location: This presentation is purely **VIRTUAL/ONLINE.**

An online chat questions-and-answers session will also be available. Webcast Link will be sent to Registrants

Overview: This two-hour webinar will describe the INCOSE CEP certification process, including initial certification and renewal. The following interrogative questions will be answered:

- What is CEP certification?
- Why get Certified?
- How does one get certification?
- When and where?

The agenda will include three topics:

1. CEP Certification process (answering the above questions)
2. Keeping and renewing certification (including Professional Development Units)
3. Using the INCOSE SE Model available to all Members

Instructor: Dr. Biemer is the 2023 President of the INCOSE Chesapeake Chapter and has over 37 years of experience in applying systems engineering principles and methods to the defense and aerospace industry, cyber operations, homeland security, and healthcare technology. He is the co-author of Systems Engineering Principles and Practice 3rd Edition. He received his Doctorate From George Washington University in 2021 and holds multiple degrees from Johns Hopkins University.
